

Counseling

Pat Brannon

Pat Brannon has worked on church staff, served on church government leadership, women's ministry leadership and on the ministry team of her local church over the past 20 years.

She began her training in the area of prayer counseling in 1987 with a local counseling ministry and then went on to attend an Elijah House Basic School in 1988. It was during the prayer ministry school she realized that the call on her life would be connected to counseling.

She also received training at the Francis McNutt Counseling School, Pastoral Care Ministries, and a local counseling school led by Jerry and Denise Basel, co-founders of The Father's Heart. She joined The Father's Heart counseling ministry in 1995 and counseled individuals and families there for three years. During that time, she received additional training through the American Association of Christian Counselors and direct supervision from the Dean of Psychology at Emmanuel Christian College.

Her most recent training is in the area of Mediation and Theophostic Counseling and Apprenticeship. Pat served the Atlanta Vineyard 2000-2004 by developing and directing the Atlanta Vineyard Counseling Ministry. She stepped away from the staff position to rebuild her practice while volunteering some of her time to train and mentor lay counselors. She feels particularly called to work with couples and those serving in ministry.

Pat can be reached at 404-723-8667.
